*Mentee* 01 NOV 2021 - 30 MAY 2022
  - Learned front-end and Back-end website development:
  - Also Learned Data Structures and algorithm, DBMS and OOPS concepts.:

## PROJECTS

- **JOB-APP:**  
A React Native Job APP that collects all the information about job requirements from different sites and shows in one place. This app helps us to see all those Tech Jobs, which is posted in other websites Like Upwork, Glassdoor, indeed, LinkedIn in a single app and includes many other interesting Features Github link-<https://github.com/anamikarawat2305/JOB-APP>
- **IntelliChat:**  
This is a Chat Application using Chat Engine and OpenAI which can help in writing code, answer any of your query and chat with other people. The backend of this project is deployed under render.com and fronted in Vercel. Github link-<https://github.com/anamikarawat2305/IntelliChat>
- **Customizer:**  
Customizer uses 3D graphics to showcase the products. Three.js and framer motion are used to show 3D product websites and infuse them with the power of artificial intelligence. Website link- <https://customize-one.vercel.app/>  
Github link-<https://github.com/anamikarawat2305/Customize>

## ACHIEVEMENTS

- **Hacktoberfest :**  
Participated as a contributor in this renowned 1-month open-source program and raised more than 20 PRs which successfully merged. Also got the swag t-shirt from hacktoberfest'22.
- **Flipkart Grid 4.0:**  
Participated in Flipkart Grid Software Development Challenge and Information Security Challenge.
- **JGEC Winter of Code:**  
JWOC provides a fully immersive learning experience for students and first-time contributors by promoting the wonders of open-source software (OSS) and crafting a community of new and experienced technical developers.

## POSITIONS OF RESPONSIBILITY

- Campus Mentor with MENTRO- Created a productive community, engaging them and helping them to understand the best option available.
- Women In Tech Manager of Google Developer Student Club (GDSC-BPIT) - I shared my experiences and knowledge with my juniors and encouraged them to pursue their interests in technology.

## CODING PLATFORMS

- Solved more than 400+ problems across various platforms.
- *CodeChef , NADOS , LEETCODE ,Hackerrank*
